

# Corporate social investments 2020

## OUR PURPOSE

The purpose of our Corporate Social Investment (CSI) programme is to make a meaningful, tangible difference to the lives of those in need in our community, and, in so doing, contribute to effecting positive change in South Africa. A secondary purpose is to provide Futuregrowth employees with a platform to “live” our brand and further enrich their own lives by doing good for others.

## OUR PROCESS

Futuregrowth allocates 1% of its after tax profits to CSI. An internal CSI Committee is in place to source and vet requests for funding or other help, and to manage the CSI budget. Staff members are invited to serve on the committee based on their passion for, and interest in, social development work in and among socio-economically deprived communities. All staff are encouraged to participate in our CSI projects, whenever the opportunity arises.

Our geographical focus includes areas that committee members are able to visit personally, so that they can conduct a thorough due diligence process on proposed projects, and monitor those approved on an ongoing basis. The proximity of a project to our offices also makes it more feasible for our broader staff complement to be actively involved. We will, however, consider projects across the country in collaboration with partner organisations who are able to do the due diligence and monitoring on our behalf.

## OUR KEY FOCUS AREAS

Our key focus areas of support fall within the three broad CSI categories of:

Social  
development

Health

Education

## ABAGOLD DEVELOPMENT TRUST

This Trusts' objectives include activities in the areas of education and training, development programmes, and job creation in the Greater Hermanus area, specifically advancing community upliftment and the development of impoverished individuals in Mount Pleasant, Hawston and Zwelihle.

To be considered for funding, applicants must be registered as a Public Benefit Organisation with SARS and must have audited financial statements.

**Our funding:** Futuregrowth donated their director's fees to the Abagold Development Trust.

## PEACE HAVEN

Peace Haven provides care to senior citizens of all ages. Seniors receive a daily meal, exercise programmes, crafts and, most importantly, physiotherapy.

**Our funding:** Futuregrowth provided funding for cozy, colourful tracksuits for senior citizens.

**Our funding:** Futuregrowth donated laptops for one of the Compass Trust's computer labs.

## THE COMPASS TRUST

The Compass Trust is intent on breaking the cycle of poverty through good education and access to sports and sport facilities.

## ST. LUKE'S HOSPICE - KENILWORTH

St Luke's Hospice provides palliative care to people who are approaching the end of their lives. Quality of life for the patients and their families is improved thanks to the skills and knowledge of the professional staff and volunteers who provide early identification and assessment for the treatment of pain, and who see to the physical, emotional, social and spiritual needs of the patient. This is provided irrespective of the patient's ability to pay for the service.

This home provides 24-hour specialised, residential care to 60 severely disabled adults from previously disadvantaged communities.

**Our funding:** Futuregrowth provided funding for masks, gloves, sanitizer, linen savers, nappies and plasters.
